

HERE'S THE NEWS

JULY 2026

Summer is moving along and before you know it we will be "back to school". Please let the office know if you are going to take a vacation and need to receive a credit. Thank you for your patience during the weeks that our teachers are away taking some much needed vacation time.

JULY 15th @ 10:00

Don't miss this fun event!

MERIDAY CLOSED FRIDAY JULY 3rd

Back to school move is expected to be August 17th new school year, new classrooms, and new teachers!

Tuition increase will be coming sometime after Labor Day. We hope to keep this as minimal as possible. More details to come.

HAPPY 250TH BIRTHDAY AMERICA

Ms. Paisley	2	Luke Bower	27
Luna Voltaw	2	Hadley Lynch	27
Kaleb Maddox	7	Ms. Fatima	27
Nora Newton	17	Claire Distler	28
Desmond Maddox	22	Walter Grigsby	30

Water Play last day is July 30th

Just in case you didn't know we are saying good-bye to all of the teachers, students and families of the Evangel Christian School, this was their last year in our building. Beginning August 2026 they will be moving into their new school located at 6900 Billtown Rd. Some changes are coming to the building and we are excited that we will be gaining some additional spaces for Meriday! More info to come as we prepare for the new school year!

We wish them well in their new building

HERE'S THE NEWS

JULY 2026

- Gardening tools
- Trellis

Since it's a little late in the season for planting seeds we would like to plant some of the following plants: Anything for an herb garden to go in individual containers such as;

- Basil
- Thyme
- Bay Leaf
- Lemongrass
- Oregano
- Mint
- Sage
- Rosemary
- Chives
- Cilantro

Any plants that can be donated will help us with the cost! Thank you in advance for getting this project off the ground (and into a pot)!

FYI: Gardening teaches preschoolers critical life and developmental skills through hands-on play. It builds motor skills through digging and watering, teaches science and math and logic by observing plant life cycles, fosters responsibility and patience through plant care. Gardening covers cognitive & academic skills, motor skills & physical development, social emotional growth and lastly health & sensory awareness.

So! How about that preschool garden! The tomatoes have taken over the garden and the green peppers are slowly disappearing in their current location! This has been a really popular project with the 4's and we are wanting to expand things a bit, can you help?

We are putting together a plan for the remainder of this garden season and for next year's season. We are looking for donations to help us out. Any of the following would be really great to continue with this project. Part of this plan is to begin some container gardens and try our hand at growing some herbs. Please see our wish list and let us know if you can help!

Things to get us growing (going)! Some of these items you may already have just sitting around your patio or stored in the garage:

- Medium to large containers
- Potting soil
